Description: The National Veterans Freedom Park is a proposed memorial for past and future veterans who have served in all branches of the U.S. military, and in every war. The park is intended to act as a site to honor those veterans and to educate the public concerning their sacrifice. In 2007, NVFP received nonprofit status from the IRS. Creation of the park was the original goal of the foundation.

According to the Town of Cary's Parks, Recreation, and Cultural Resources Department, SAS Institute has agreed to cover the cost of design and construction of "a 120-foot monument in the shape of a spire^[4]. The monument will be constructed of white granite that will be quarried from Bethel, Vermont, famous for its granite. The granite will then be cut and finished in Mt. Airy, North Carolina."

Front: SOME GAVE ALL

Back: If you are able, |
save for them a place inside of you |
and save one backward glance when you are leaving
| for the places they can no longer go. |

Be not ashamed to say you love them. |
Though you may or may not have always |
thake what they have left |
and what they have taught with their dying |
and keep it with your own.
