Its Vigour by Adversity refines;  
The Jewel must be polish'd e'er it shines.  
Camillus, Cato, each heroic Name,  
Tradition knows, derives from thence its Fame  
Howe'er exalted, or how ever low;  
As equal Dignity of Mind they show

Plutarch observes, that Pericles, at a Time when all the Citizens were crying out against him, and blaming his Conduct, like an able Pilot, who, in a Storm regards only the Rules of his Art for saving the Ship, and overlooks the Cries, Lamentations, and Prayers of all around him; that Pericles, I say, after having taken all possible Precaution for the Security of the State, pursued his own Scheme, without troubling himself about the Murmurs, and Insults, the injurious Raileries and Accusations that were daily thrown out against him.

## Public Domain

Public Domain is a copyright term that is often used when talking about copyright for creative works. Under U.S. copyright law, individual items that are in the public domain are items that are no longer protected by copyright law. This means that you do not need to request permission to re-use, re-publish or even change a copy of the item. Items enter the public domain under U.S. copyright law for a number of reasons: the original copyright may have expired; the item was created by the U.S. Federal Government or other governmental entity that views the things it creates as in the public domain; the work was never protected by copyright for some other reason related to how it was produced (for example, it was a speech that wasn't written down or recorded); or the work doesn't have enough originality to make it eligible for copyright protection.
