Soldiers stand at attention

On October 25, 1918, in a street in Dampierre, France, soldiers of the 321st Infantry Regiment stand at attention with "eyes right." The 321st Infantry Regiment was part of the 81st Division, also known as the "Wildcat Division." This photograph comes from Box 5 within Photographs, WWI Papers, 1903-1933, in the North Carolina State Archives.

Usage Statement:

Public Domain

Public Domain is a copyright term that is often used when talking about copyright for creative works. Under U.S. copyright law, individual items that are in the public domain are items that are no longer protected by copyright law. This means that you do not need to request permission to re-use, re-publish or even change a copy of the item. Items enter the public domain under U.S. copyright law for a number of reasons: the original copyright may have expired; the item was created by the U.S. Federal Government or other governmental entity that views the things it creates as in the public domain; the work was never protected by copyright for some other reason related to how it was produced (for example, it was a speech that wasn't written down or recorded); or the work doesn't have enough originality to make it eligible for copyright protection.
