

Valley south of Ensenada, Mexico

Valley south of Ensenada, Mexico

Valley south of Ensenada, Mexico

Thin, small trees fill a valley between tree-covered hills. Ensenada is a town on the Baja Peninsula of Mexico, south of Tijuana. It is an important shipping and fishing port, and also an important destination for tourist cruise ships. Originally, the town was an important silver mining area, but its close proximity to the US has made tourism a more lucrative industry.
