

deaf culture ^[1]

Type of Speech:

noun ^[2]

Definition:

the socialization of deaf students with other deaf students where American Sign Language is used for communication.

Additional Information:

Deaf culture is the socialization of deaf students with other deaf students where American Sign Language is used for communication.

Deaf culture provides students who are deaf a peer group that helps them with their identity and self-esteem. It is crucial for them to have opportunities to interact socially with other deaf students both in the school and outside of school to promote community and a positive attitude.
