

Map of the Battle of Elizabeth City

Map of the Battle of Elizabeth City

Map depicting the Battle of Elizabeth City which began on the Pasquotank River. Confederate defenses (the Mosquito Fleet) are shown in red, while the line of Union ships is shown in blue. Elizabeth City was burned by retreating Confederate troops following the Union's capture of Cobb's Point.

Citation (Chicago Style):

[Chart of the Pasquotank River near Elizabeth City, NC, showing the Confederate defenses and the attacking Federal column of ships at the Battle of Elizabeth City, 10 February 1862.] 2009. Wikimedia Commons, <https://commons.wikimedia.org/wiki/File:ElizabethCity.jpg>.

Usage Statement:

Public Domain

Public Domain is a copyright term that is often used when talking about copyright for creative works. Under U.S. copyright law, individual items that are in the public domain are items that are no longer protected by copyright law. This means that you do not need to request permission to re-use, re-publish or even change a copy of the item. Items enter the public domain under U.S. copyright law for a number of reasons: the original copyright may have expired; the item was created by the U.S. Federal Government or other governmental entity that views the things it creates as in the public domain; the work was never protected by copyright for some other reason related to how it was produced (for example, it was a speech that wasn't written down or recorded); or the work doesn't have enough originality to make it eligible for copyright protection.
