Recorded NCpedia Entries

NCpedia has a number of entries with audio recordings of the page text. These entries have been recorded by the Accessible Books and Library Services branch of the State Library of North Carolina. The recordings were created for use by individuals with vision impairments and other special requirements and they are available for anyone who would like to listen to a recording of the articles. The audio and an audio player are embedded on the page. Visit the page link for text and audio. Select entries are available for download in MP3 format. Audio for entries under copyright is for personal and educational use only and not for further distribution.
